

ILLINOIS MINE SUBSIDENCE INSURANCE REJECTION FORM

MINE SUBSIDENCE INSURANCE COVERS DAMAGE TO YOUR HOME CAUSED BY THE COLLAPSE OF UNDERGROUND MINES.

Under Illinois Insurance Law, Heartland Mutual is required to include Mine Subsidence Coverage at a separately stated premium “in the non-exempt counties.” Mine Subsidence is a specific kind of insurance which will cover your property against damage caused by the collapse of underground mines.

You do have the option to refuse Mine Subsidence Coverage. If you **do not** desire this coverage, please read the statement below and indicate your option by placing an “X” on the line, sign and date the statement, and return the form to your agent or to Heartland Mutual.

 NO. I (we) DO NOT desire Mine Subsidence Insurance Coverage and hereby waive any right to such coverage under this policy or any future policy covering my (our) interest in the property unless I (we) request Mine Subsidence Coverage, in writing, at some future date.

Please keep this signed waiver in my (our) file as permanent record of my (our) written refusal.
